

CENTRAL CHRISTIAN COLLEGE OF THE BIBLE

CHRISTIAN COUNSELING

Our Christian Counseling students identify needs and offer appropriate help to people facing difficult situations. They accomplish this through a careful evaluation of counseling theories through a biblical worldview. They demonstrate good counseling skills and apply biblical truths to the situations they face.

This program will fit you if you desire to help people work through their problems from a Christian perspective. You will develop more of an understanding of the human mind and how it works. You will also improve your ability to relate with others, growing in empathy and understanding of people.

“Christ is the only one who can change peoples’ hearts. I want to counsel others to connect them to Christ.”

This program is for you if:

- You desire to help people work through their problems from a Christian perspective
- You want to develop more of an understanding of the human mind and how it works
- You wish to pursue a ministry where you can be a help to those struggling through personal, marital, or faith issues
