

CENTRAL CHRISTIAN

COLLEGE OF THE BIBLE

CHRISTIAN EDUCATION

Central's Christ-centered, Bible-based worldview is the most unique part of the Christian Education program. You can learn to be a teacher at practically any university or college in the country, but our degree program is grounded in the absolute truth of Scripture. The emphasis of our program is on how we can love and serve others through the ministry of teaching. Each course covers foundational, historical and contextual information from the field of education, coupled with methodologies that focus on morality, and character development.

"I became a Christian because of the impact a teacher had on my life. I want to become a teacher so that I can help teach others and share the Gospel with them."

Brigett Arends

This program is for you if:

- You have a passion for helping students understand new information
- You want to work in a church or school environment
- You desire to understand how learning is accomplished and what you can do to facilitate it

CENTRAL CHRISTIAN COLLEGE OF THE BIBLE

911 E. Urbandale Drive, Moberly, Missouri 65270

660-263-3900 | www.CCCB.edu

Remember that one teacher who cared about you so much that it affected your path in life? What if you could be that person for someone else? Central's Christian Education degree is a four year baccalaureate program designed to help you be that person! Christian Education graduates are serving all over the country and the world as youth, family life, and children's ministers; discipleship and small group leaders; Sunday school superintendents and teachers; Christian, public, and home school teachers - to name a few.

With classes like Child Growth and Development, Educational Psychology, and Creative Teaching, Christian Education majors will learn about the philosophies and methodologies of the teaching profession. Then they will demonstrate what they have learned by completing a 300 hour internship, giving them the opportunity to practice teaching in a variety of settings. All of Central's degrees are taught from a Christian world view, built on a foundation of rigorous Bible courses - preparing our graduates to teach the next generation of servant-leaders for the Church.

Anne Menear
Professor of Christian Education
