YOUTH & FAMILY MINISTRY

If you enjoy connecting with students and sharing life with them for the cause of Christ, then the Youth and Family Ministry program is for you. The purpose of this degree program is to learn the how to evangelize and disciple the next generation effectively. By the time you graduate, you will understand the various social trends that affect students, their families, and youth ministry. Our focus is to leverage Christ's call to the churches and the families to make the greatest impact in a student's life. This will be done by evaluating the various resources and learning the different contemporary methods to lead effective youth ministries. Each student will have the opportunity to take this knowledge and apply it in a ministry context. Through our various church partners and program design, students will serve through local ministries, campus events, and hands-on learning in the classroom.

The youth and family program at CCCB has allowed me to feel confident in my ability to lead a youth group and guide parents to become more influential spiritually in their student's lives.
